

Golden
Placement Services, LLC

Senior Housing & Transition Specialist

“Golden Placement Services took control of our situation and went right to work in a dynamic filtering of the providers who could and those who could not provide proper care for my wife, Polly. You knew where to look and whom to see, in a process that might have taken days to achieve and could have had a costly result, both in finances and in emotion. You were tireless in pursuing the resources that were available to us in today’s market, coming up with a perfect match for our needs.”

“Golden Placement Services made it very easy to find a wonderful place for Grandma to live. They worked around my schedule, gave me several choices, then after my feedback brought back a short list to choose from. She also helped me partner with the rehab center to get some flexibility on time frames.”

“A belated thank you for helping us find a great home for our mother Pam. You were so wonderful and reassuring to work with, thank you again!”

“GPS staff also visited my mother before and after the move and always called me to see how things were going to offer her support and empathy. I recommend this service whole heartedly.”

“What a great resource for seniors in this area. Great, honest work. Very knowledgeable.”

“I am very grateful for all you have done in the last months. Thank you for, 1st of all, your sincere concern and support, and also for all the contacts, calling and arranging you’ve done. Shannon’s facility seems to be ideal at this point, and she has gone beyond the call of duty in trying to win over, accommodate and help Neil. Thank you so much. God’s blessings to you for all the ways you have been a blessing to me, and although he doesn’t know it, to Neil too.”

“Several months ago we faced the issue of placing a loved one into senior care. My sister and I had no clue on where to start. A friend referred us to Golden Placements Services LLC where we met an old friend and our new agent who would help us. She was God sent. LaVona was with us every step of the way. In every interview in every tour of facilities in every meeting with facility staff and management even with getting us help with the right legal people. There was no stone unturned with LaVona and all of the staff at Golden Placements. I can’t begin to say how we appreciate them and value them. We highly recommend them for all your elder care needs. We couldn’t have done this without them.”

“Your respectful, efficient, and no-nonsense approach to finding an appropriate place for Auntie was such a relief.”

"Our experience with this service was amazing, after getting Dad into the first placement, which did not work out well in any way, Golden Placement services stayed by us and helped us make needed contacts and find the right place for Dad and Mom! They kept working with us to get full reimbursement from the first facility, and found us just what they needed! We could not have done it without their help! I recommend them if you have any family members, or if you yourself are looking for assisted living, they have earned my family's trust and will do the same for you!"

"I am sure that there are many others in the same circumstances as my family who would benefit from the expertise and the services of Golden Placement Services. In my opinion, do not hesitate to refer them to them."

"They were very helpful and while being professional, kind and caring. They were thorough in trying to find the best arrangement for our situation and followed-up to make sure client's new arrangements were satisfactory. I highly recommend them".

"I am very grateful for all you have done in the last months. Thank you for, 1st of all, your sincere concern and support, and also for all the contacts, calling and arranging you've done. Shannon's facility seems to be ideal at this point, and she has gone beyond the call of duty in trying to win over, accommodate and help Neil.

Thank you so much. God's blessings to you for all the ways you have been a blessing to me, and although he doesn't know it, to Neil too."

"I feel like a burden has been lifted."

"Golden Placement services receives 5 stars from our family. As Dad progressed into his Parkinson's disease, and we realized he would not be going back to the family home. Diane helped us navigate the world of assisted living after our first placement, the one we got on our own, went bad! The care there was not working and we needed to get Dad out. They(GPS) came alongside us and stayed with us all the way through! Diane and her team got us placed in a way better place and even took the time to come visit Dad and Mom in their new home. I am so impressed with the help they gave. They even helped me get a full refund from the first facility and stayed right with our family. I am so grateful for the love and professionalism they showed our family in a time of great stress! They are a God send in your time of need! Thank you for all you do!"

"Our family is so grateful for Diane and her company. They have helped us, two times find placements for our family members. We are now working now to find a great situation for another elderly family member.. Best thing, THEY CARE about each client and their wellbeing... THANK YOU, Diane".
